

Half-day Global Symposium on Natural and Agricultural Bioresources Management

Hosted by:

Faculty of Life and Environmental Sciences, Shimane University
and
Division of Natural and Agricultural Bioresources Management,
International Indonesian Scholars Association (I4)

Theme:

Monitoring, Conservation, Utilization, and Management of Diverse Biological and Agricultural Resources in Indonesia and Japan

1. The Date

December 11th, 2024, Banquet (懇親会)
December 12th, 2024, Half-day Global Symposium

2. The Venues and Program Schedule

2-1. Venues

December 11th, 2024

Restaurant & Wedding LAUT

Address: 330-1 Nishihamasadacho, Matsue City, Shimane, Japan 690-0122

Time: 19:00 – 21:00

December 12th, 2024

3rd Building, Room 205, Faculty of Life and Environmental Sciences, Matsue Campus,
Shimane University

Time: 8:30 AM – 12:20 PM (JST) (coffee break: 10:40 – 10:50)

2-2. Program Schedule (December 12th, 2024)

Program:

Time	Session
08:30	Venue open
09:00 – 09:10	Opening remarks: Associate Professor Davin H. E. SETIAMARGA Chair, Division of Natural and Agricultural Bioresources, I4, and, Deputy Director, Office for International Liaison and Exchange, and, Department of Applied Chemistry and Biochemistry, National Institute of Technology (KOSEN), Wakayama College
09:10 – 10:40	Plenary session 1:
09:10 – 09:30	Professor Tsugiyuki MASUNAGA Director of Planning and General Affairs, Faculty of Life and Environmental Sciences, Shimane University Topic: Environmental Si management for stable rice production in Indonesia

09:30 – 09:50	Professor Amzul Rifin Attache of Education, The Embassy of the Republic of Indonesia in Tokyo, Japan, and, Professor of Agriculture Economics, Faculty of Economics and Management, IPB University Topic: TBA
09:50 – 10:10	Professor Shingo MATSUMOTO Faculty of Life and Environmental Sciences, Shimane University Topic: Increase in arsenic concentration in brown rice due to high temperatures during the ripening period and countermeasures for reducing the arsenic concentration by applying soil modifiers
10:10 – 10:30	Dr. Andi Hidayat Attache of Agriculture, The Embassy of the Republic of Indonesia in Tokyo, Japan Topic: TBA
10:30-10:40	Discussion and Q&A (Chair: Associate Professor Davin H. E. SETIAMARGA)
10:40 – 10:50	Coffee Break (10 minutes)
10:50 – 12:20	Plenary session 2:
10:50 – 11:05	Associate Professor Beginer Subhan Faculty of Fisheries and Marine Science, IPB University Topic: TBA
11:05 – 11:20	Assistant Professor Rosalia Natalia SELEKY Faculty of Life and Environmental Sciences, Shimane University Topic: Motivation toward rice farming in Margokaton Village, Sleman District, Yogyakarta Province, Indonesia
11:20 – 11:35	Arief Anthonius Purnama Faculty of Life and Environmental Sciences, Shimane University Faculty of Education and Teacher Training, Pasir Pengaraian University Topic: The effect of land use changes on water ecosystem in relation to the population of Asian Arowana (<i>Scleropages formosus</i>) Golden-red in Sumatra Island, Indonesia
11:35 – 11:50	Professor Tetsuhiko YOSHIMURA Faculty of Life and Environmental Sciences, Shimane University Topic: Forest conservation through agroforestry in collaboration with local people in Gunung Walat University Forest, IPB University
11:50 – 12:05	Discussion and Q&A (Chair: Assistant Professor Riskina Juwita; Tokyo University of Agriculture, and, General Secretary, I4)
12:05 – 12:20	Closing Remarks: Associate Professor Masaaki YOSHIDA Director, Oki Marine Biological Station, Faculty of Life and Environmental Sciences, Shimane University
